Presents:

Creating  
Community

Teacher by trade – taught in the South Washington County School District for over 11 years and now in my 17<sup>th</sup> year in the district I manage Adult Programs through Community Education and also manage Credit Recovery for all district high schools. I also teach high school electives through Northern Star online. The position I hold now opened a magical doorway that allows me to learn and be challenged every single day. We work with Adults Learning English – some highly educated in their home countries – some with no education coming out of refugee camps. We work with 17- + year-olds earning their high school diplomas and GED certificates. We work with inmates at the Dakota County Jail teaching a number of classes. We work with anyone who is seeking additional education to enrich their lives. Every day I learn from those we teach about hard work, overcoming some of the hardest days, the beauty of diversity, the power of positive thinking...I am truly the fortunate one.
